

Shooting Gallery Seaworld Bouncy Castle

Use the air cannons to hit the targets with the balls!

The shooter is a unique JB design with three cannons that are operated by air pressure, which is a fully patented system! The kids can aim and shoot at the targets on a hill, making the balls roll down where they are collected in a ball pond and can easily be used again. The shooter is available in a fun seaworld theme and the targets come with fun images matching the theme.

It takes only 10 minutes to set up

The inflatable shooter with a seaworld theme easily sets up within 10 minutes. It can be used, for instance during an event, a kids' party or sports activity. Transport is easy, because the shooter comes in one single part. The inflatable item comes with a blower, anchoring materials, a transport bag, three cannons, 100 shooter balls and a clear manual is conveniently included. It is the complete package for a wonderful experience.

A warranty of no less than 5 years

Opting for JB inflatables means opting for premium quality, because they have several reinforced tension points and are multiply stitched. The strong, high-quality, colourfast 9x9 thread PVC is very durable and easy to keep clean. That is why we offer a 5-year warranty on this seaworld-themed inflatable ball shooter, which allows you to offer a product with years of optimum playing fun.

Purchase this unique shooter available in a seaworld theme and deliver the experience your customers will remember as the day of their lives!
