

IPS Beerpong

Buy Inflatable IPS Beerpong game

Are you planning to buy an inflatable IPS beer pong game? We have it for you! Our interactive game works the same as the well-known beer pong game, but on a large scale, in the form of an inflatable and of course without beer. Compete against each other and throw the balls in your 'beer glasses'. The IPS spots on the top of the inflatable pull light up when you have a direct hit. A fun and exciting interactive game! This inflatable is sold without extras, such as arrows or balls. You don't need specific arrows or balls for this game either.

Inflatable with IPS system

An inflatable attraction is always a success, wherever and at whatever event it is. And an inflatable with an interactive game, such as this IPS beer pong game, makes an indelible impression. This inflatable with an IPS system comes with a blower, transport bag and manual. It is easy and quick to set up by 2 people in about 10 minutes. This way you have plenty of time to play this exciting game!
