interactive educational game. You hang the letters under IPS spots. This way you can do all kinds of exercises in the field of language. Very fun and educational! Use them for a special, interactive lesson. Or

Educational IPS game

An educational interactive play system is a variation of the popular IPS system. An educational IPS game is fun and educational. By means of questions or assignments, your knowledge will be tested in areas such as language and math. A cool addition to the already existing IPS system, which provides even more experience when you play a game with sound, light and game elements. An inflatable playground with an
