

Air Football

Score with Air Football

It may look like table football, but it is not quite the same. Air Football is a challenging attraction in which small balls have to be blown into the goals. The constant flow of air from the cones can be used to blow the balls in the right direction. It is fun to play in teams of 1 to 2 players and 1 goalkeeper. Working as a team, you have to pass the opponent's goalkeeper to score a point. A fun game that is perfect to use during a variety of events for kids. Let those balls roll!

We have thought of everything

Easily set up the Air Football game within 5 minutes. The inflatable game comes as a compact package, allowing you to take it wherever you want. The game is conveniently supplied including balls, a blower, anchoring material, a transport bag and a clear manual. We have thought of it all - everything complete for a fantastic experience!
