Service and safety

For years, JB has developed and manufactured attractions that can safely be used by any player. All water games we offer are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. All attractions come with an approved inspection certificate, a blower, a log book and a clear manual. Every water attraction has several anchor points that have to be fastened with appropriate anchoring materials to ensure the attractions stays in place. We have thought of everything.

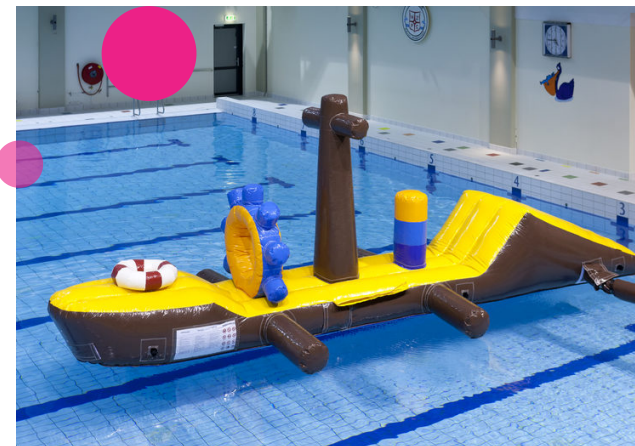

Benefit from our high quality

All JB water games are made of strong PVC material of 900 gr/m² and are high frequency welded. This is how we guarantee the quality of our products. The material has a useful protective coating that is resistant to influences of chlorine and other water properties, which ensures the products are both durable and easy to keep clean. The Pirate Ship Pool Game comes with a 1-year warranty.

Purchase this pirate ship pool obstacle course and deliver the experience kids will remember!
