

Pirate Play Island

An exciting island expedition...

With this fun Pirate pool play island you can literally take it in whatever direction you want! Me Tarzan, you Jane - children can pretend to be in the jungle and swing on a liana to splash into the water. It also has a climbing tower to jump off, a round slide and obstacles to climb over and crawl under. So much fun and all in a cool pirate theme to boot. This is guaranteed to impress your visitors!

Safe to use

JB develops and manufactures attractions that can safely be used by all players. All water games we offer are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. That is why we provide an approved inspection certificate, a log book and a clear manual for every water attraction. In addition, all products come with a Bravo air pressure gauge to ensure you know the right air pressure is entered. The anchor points have to be fastened with appropriate anchoring materials to ensure the Pirate play island stays in place and to prevent it from getting too close to other objects. We have thought of everything, which means we supply everything you need for a fantastic experience.

High frequency welded JB sets very high demands for its products.

In order to guarantee the quality we use selected high frequency welded PVC material of 900 gr/m². The material we use is strong and colourfast to make our products durable as well as easy to keep clean. The Pirate play island comes with a 1-year warranty.

Purchase this fun play island for use in the pool and deliver the experience your customers will remember as a fantastic day of water fun!

More than 15,000 customers have led the way

Do you know why our customers tend to call us 'creators of greatness'? Because JB has made people around the world jump for joy for over 15 years now - literally! We owe this to our team of designers, developers and logistic staff, because they supply unique inflatable attractions in a grand way! This means our customers are assured of our professional service and delivery.
