

Hawaii Pool Run

A ticket to the tropics in your very own pool

A tropical water attraction with fun obstacles to climb over and crawl under and with no less than 2 slides - now if that doesn't guarantee fun, nothing will! The obstacle course is 12 metre long and as such will immediately draw attention. Definitely something to consider for your pool, don't you agree?

Certified water attractions

For years, JB has developed and manufactured water attractions that can safely be used. The proof: our water games are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. All water attractions come with an approved inspection certificate, a log book and a clear manual. To ensure the right air pressure is entered, all products come with a Bravo air pressure gauge. The anchor points have to be fastened with appropriate anchoring materials to ensure the product stays in place and to prevent it from getting too close to other objects.

High quality demands

JB is proud of its products and, therefore, sets high demands. In order to guarantee quality, we use high frequency welded PVC material of 900 gr/m². Not only are these materials strong and colourfast, they are also resistant to influences of chlorine and other water properties. This means you can rest assured the attractions are durable and easy to keep clean. The Hawaii Pool Run comes with a 1-year warranty.

Purchase the Hawaii Pool Run and deliver the experience your customers will remember as a splashing day of water fun!

The proof: well over 15,000 customers also opted for JB

For over 15 years, JB has made people around the world jump for joy - that's right, more often than not literally. Our team of designers, developers and logistic staff supply unique inflatable attractions in a grand way! That is exactly why our customers are assured of our professional service and delivery. Therefore, they tend to call us 'creators of greatness'.
