

Blower 450 Watt

Blower 450 Watt, for JB's inflatable party figures

Do you rent out inflatable figures from the JB-Inflatables collection? You obviously want to have a number of blowers available in your collection that can specially be used to inflate our themed inflatable figures for birthdays and other special occasions. This blower has a capacity of 450 Watt, which makes it the best option for this purpose.

Convenient: the blower has an on/off switch.

Sufficient power for most themed inflatable figures

This small blower provides more than enough power for most inflatable figures. These items do not need a huge amount of power, because their carrying weight is limited. The capacity of a blower depends on the size and carrying capacity of the object.

To ensure the figure stays inflated and has a constant air supply, this blower is connected. A perfect fit!

Excellent quality blower with a 1-year warranty

Anyone familiar with JB-Inflatables knows we aim for top products. Not only does this apply to our complete collection of inflatable figures and attractions, but also to our tools such as blowers. As a standards, we provide a 1-year warranty for this product.

JB: 15,000 enthusiastic customers in 15 years

JB has delivered items to help 15,000 people around the world celebrate festive occasions. And we have done so for the 15 years we have been in business. Our team of designers, developers and logistic staff want to make it a unique experience for everyone. And with us you are always assured of our service and high-quality delivery! People tend to call us 'creators of greatness'.
