

Football goal with bed

Want to practice your shooting skills?

Practice makes perfect with this life-size football goal! Try and shoot the ball through the various holes, you'll find it is not as easy as it sounds. By removing the detachable material with the holes, the shooter can be used as an official football goal, allowing the goalkeeper to practice his or her diving skills for a spectacular save. The goal is placed on an inflatable base, which means a safe and soft landing for the goalkeeper is guaranteed!

Convenience all around

The football goal easily sets up within 10 minutes. Use it, for instance during a hexathlon, sports activity or other event. The football goal comes as a single unit, which makes it easy to transport. The inflatable is conveniently supplied including a blower, anchoring materials, a transport bag, removable point shooting material and a clear manual. It is the complete package for a fantastic experience.
