

Inflatable Cone

Inflatable cones to add accent features

Does your customer want to present a product or draw extra attention to a building? These beautiful cone-shaped light pillars are extremely suitable! They can easily be placed indoors (in an office or commercial building, shop or public building) or be used outdoors and are equipped with an extremely quiet internal blower and adjustable LED lighting. The pillars are available in either a standard version, or in every shape and colour imaginable to meet either your, or your customer's requirements. We are happy to make a computer design based on your ideas! Please contact us to discuss the possibilities.

Sets up in less than no time

These light cones (standing 2.5 metres tall and weighing 15 kilograms) are very easy to set up. When using the clear manual we provide even one person can do it within 10 minutes! The silent blower is a standard feature and everything else you need is also conveniently included: a practical transport bag, for instance.

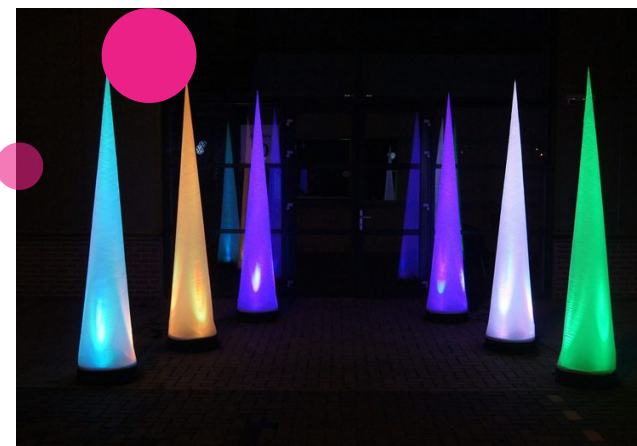

Premium quality with a 1-year warranty

JB presentation products have several reinforced tension points, are multiply stitched and are made of strong, high-quality PVC to make them durable and easy to keep clean. In addition, we provide a 1-year warranty for these light pillars, allowing you to offer a product with years of optimum presentation fun.

Purchase these beautiful, stylish and easily inflatable pillars for your customers and guarantee they can optimally present themselves.

+15,000 customers also opted for JB products

For over 15 years, JB has allowed people around the world to excellently present themselves, because our designers, developers and logistic staff supply unique inflatable stages. You are always assured of our professional service and delivery. Therefore, it is for good reason people call us 'creators of greatness'!
